

Taylor H. Williams

Educational Technology Specialist

I aspire to build solid connections between technology and learning and to become a leader in the field of educational technology. I embrace any failure as an opportunity to innovate, in order to build a greater success than previously imagined.

WORK EXPERIENCE

Coordinator of Digital Learning (District Admin)

Birdville Independent School District

07/2019 – Present

Achievements/Tasks

- Lead the Digital Learning team in their support and training of all campuses within Birdville ISD.
- Assist with the facilitation of the district-wide digital learning program to assure that it meets the expectations of high-stakes testing and accountability systems, while simultaneously creating the conditions for developing 21st Century skills such as creativity, teaming, learning how to learn, taking responsibility for one's own learning, and possessing the ability to innovate.
- Facilitate and lead the major professional development conferences hosted by the Digital Learning Department each year.
- Be the direct liaison between district admin, campus principals, and the technology department to provide empowered, innovative learning experiences throughout the district.

Online Faculty Instructor and Masters Degree Instructional Designer

TEACH-NOW Graduate School of Education

01/2014 – Present

Washington, D.C.

TEACH-NOW Inc. equips and trains future teachers using a dynamic online environment.

Tasks

- Instructor: Facilitate weekly virtual classroom meetings, provide guidance and feedback to teachers in training through online face to face meetings and project-based learning experiences.
- Instructional Designer: I am the designer of the Masters of Educational Technology offered. This was completed in May of 2019.
