

Taylor H. Williams

Innovative Learning Leader

My aspiration as an educational leader is to build solid connections to the future of education. My goal is to embrace any challenge as an opportunity to innovate in order to build a greater capacity in educators at all levels. Through my experiences as a District Coordinator of Digital Learning, University Instructor, and Instructional Designer, I have a unique perspective on learning, leadership, professional development to make education better for students now and in the future.

WORK EXPERIENCE

Coordinator of Digital Learning (District Administrator) Birdville Independent School District (K-12 Education)

07/2019 - Present

Haltom City, Texas

Achievements/Tasks

- Lead the Digital Learning team in their support and training of all campuses within Birdville ISD.
- Consult with the Curriculum and Instruction Department to develop and implement effective plans for effective teaching design.
- Assist with the facilitation of the district-wide technology professional development to assure that it meets the expectations of high-stakes testing and accountability systems, while simultaneously creating the conditions for developing 21st Century skills such as creativity, teaming, learning how to learn, taking responsibility for one's own learning, and possessing the ability to innovate.
- Facilitate and lead the major professional development conferences hosted by the Digital Learning Department and Birdville ISD.
- Connect district administration, campus principals, and the technology department to provide empowered, innovative learning experiences throughout the district.

Instructor and Instructional Designer Moreland University

01/2014 - Present

Washington, D.C.

Moreland University equips and trains future teachers using a dynamic online environment.

Tasks

- Facilitate weekly virtual classroom modules. Provide guidance and feedback to teachers in training through online face-to-face courses and project-based learning experiences.
- Design, teach, and maintain the Masters of Educational Technology.
- Consult on additional curriculum design projects related to innovation, empowered learning, and technology integration when needed.

Digital Learning Specialist Birdville Independent School District

07/2017 - 06/2019

Haltom City, Texas

Tasks

- Work with district and campus administration and classroom teachers to provide innovative learning opportunities for teachers and students through synchronous and asynchronous designed experiences.
- Train and Support stakeholders on G Suite for Edu, Canvas, Skyward, Eduphoria, Social Media, Apple, Mobile learning, Blended Learning, and various web-based apps.
- Develop and implement professional learning and support for K-12 faculty and administration.
